Special top sheet netting provides a great feeling of dryness.

Delicate non-woven top sheet provides a great feeling of softness. Recommended for sensitive skin.

Air breathability is the unique feature of Bella feminine care products which ensures proper air circulation for comfort and protection against skin irritations.

## CLASSIC SANITARY NAPKINS

Innovative liquid distribution in Bella Classic sanitary napkins effectively protects from side leakages.

Soft absorbent part of a napkin located in its centre provides feeling of softness and fast absorption.

Extended back part of Maxi pads assures additional security during night time and heavy menstrual flow

## ULTRA SANITARY NAPKINS

Innovative netting provides a great feeling of dryness.

Very delicate non-woven material provides a great feeling of softness. Recommended for sensitive skin.

Air breathability is the unique feature of Bella feminine care products which ensures proper air circulation for comfort and protection against skin irritations.

Delicate floral scent gives the feeling of freshness.

Only 2 mm of thickness combined with high absorbency ensures security and discretion.

Special feature that helps to neutralize unpleasant smell and provides feeling of freshness.

Unique formula based on magic gel technology. Absorbent pearls quickly transform liquid into gel and blue magic gel barriers make side leakages impossible.
