

Adult Skin Care Wipes
for Bathing & Diaper Care

Adult Skin Care Wipes for Bathing & Diaper Care

3-in-1 Action

Formulated with skin soothing elements containing Aloe Vera, Vitamin E, Dimethicone, BZK and excipients, Mom n Pop wipes provide rapid bactericidal action while moisturizing and cleaning the skin from dirt and germs.

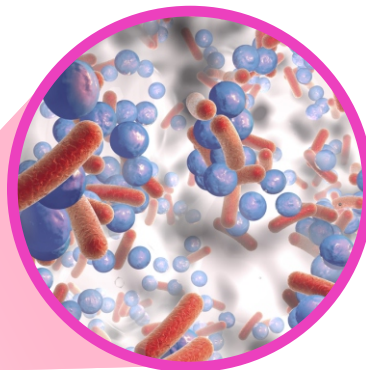

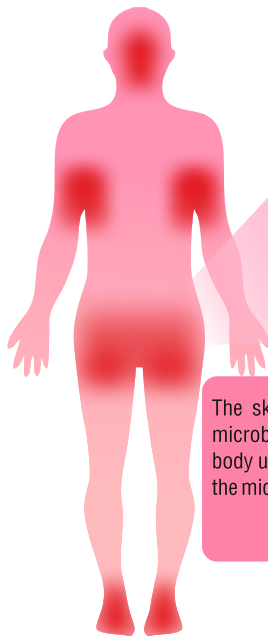

Super Size & Soft Wipes

The wipes are made of cellulosic material that provide a smooth application over the skin while avoiding skin tears that can be caused by wiping with a towel.

Protection from Diaper Rashes

Diaper Rashes and irritation are contained by the presence of anti-microbial and silicon agents that help in removing microbial flora and sealing the pores of skin.

The skin of an immuno-compromised patient is a major reservoir of microbes including bacteria, fungi and pathogen. Regular washing of the body using Mom n Pop wipes provides anti-microbial action and removes the microbial load while gently cleansing and moisturizing the skin

Available in packs of 20's & 40's
