Energytek

Industrial Thermal & Process Engineering

Corporate Profile

Engineering Reliable Thermal Systems Worldwide.

- ENGINEERING
- MANUFACTURING
- EXECUTION
- LIFECYCLE SUPPORT

ABOUT

ABP ENERGYTEK

A leading industrial thermal and process engineering company, delivering solutions for steam generation, heat transfer, pressure systems and energy recovery — backed by deep engineering expertise.

WHAT DRIVES US

Our Purpose

Deliver efficient thermal solutions for industry.

Our Approach

Engineering excellence backed by innovation.

Our Commitment

Long-term partnerships built on trust.

Our Promise

Creating lasting value, responsibly.

2007
Founded

60+
Employees

250+
Satisfied Customers

5+
Countries Served

140,000 sq.ft.
Manufacturing Facility

15+
Industries Served

35+
Years Combined Expertise

IBR
Certified Manufacturing

Energytek
Beyond boilers

ENGINEERING RELIABLE THERMAL SOLUTIONS

OUR STRENGTHS

- **Experienced Leadership**
- **Advanced Engineering Capabilities**
- **Innovation & Sustainable Solutions**
- **State-of-the-Art Manufacturing**
- **Responsive After-Sales Support**
- **Quality & Safety Commitment**

Our Vision

To be a global leader in thermal and process engineering solutions.

Our Mission

To deliver innovative, reliable and sustainable solutions that create lasting value.

Our Values

Integrity, Innovation, Excellence, Teamwork and Customer Focus.

Engineering excellence, backed by innovation, quality and integrity — **delivered on every project.**

Energytek

Beyond boilers

COMPREHENSIVE SOLUTIONS PORTFOLIO

End-to-End. Integrated. Engineered for Performance.

OUR SOLUTIONS

- Steam Generation Systems
- Heat Recovery Solutions
- Pressure Systems & Vessels
- Piping & Skid Solutions
- Emissions & Flue Gas Control
- Lifecycle Services & Support

KEY FEATURES

Reliable & Proven
Robust technology built for long-term performance.

Custom Engineered
Solutions tailored to your process needs.

Energy Efficient
Systems that maximize efficiency and savings.

Sustainable Operations
Supporting environmental responsibility.

WORLDWIDE REACH. TRUSTED BY INDUSTRIES.

Delivering Excellence Across Borders.

A GLOBAL PRESENCE IN 5 KEY COUNTRIES

- India
- Middle East
- Africa
- Southeast Asia
- Latin America

OUR GLOBAL FOOTPRINT

5+ Countries Served

Expanding our presence across regions.

250+ Satisfied Customers

Trusted by leading industries.

Global Standards

Excellence aligned with international standards.

Long-Term Partnerships

Enduring relationships built on trust.

One Commitment. Global Impact — reliable, efficient and sustainable solutions worldwide.

Energytek
Beyond boilers

CORPORATE PROFILE

BUILT ON STRENGTH. DRIVEN BY COMMITMENT.

State-of-the-Art Manufacturing Facility

Equipped with modern infrastructure, cutting-edge technology and skilled professionals to deliver reliable, custom-engineered solutions.

140,000
Sq. Ft. Area

50+
Machines

100+
Workforce

IBR
Certified

WHAT SETS OUR FACILITY APART

- **Engineered to Perfection**
- **Quality Assured**
- **Built to Last**
- **Sustainable by Design**

Energytek
Beyond boilers

OUR PEOPLE. OUR GREATEST STRENGTH.

A Team United by Purpose. Driven by Passion.

65+	15+	2000+	20%+
Team Members	Engineers	Training Manhours	Diverse Workforce

OUR VALUES

- **Collaboration**
- **Commitment**
- **Innovation**
- **Integrity**

INVESTING IN OUR PEOPLE

- **Learning Culture**
- **Career Growth**
- **Employee Well-being**
- **Recognition**

Our people are the driving force behind every solution — **we build lasting partnerships.**

Energytek
Beyond boilers

CORPORATE PROFILE

TRUSTED ACROSS INDUSTRIES

Diverse Solutions. Powerful Results.

Our technologies serve a wide range of industries, helping them achieve cleaner operations, higher efficiency and sustainable growth.

INDUSTRIES WE SERVE

- Power Plants
- Steel Industry
- Cement Industry
- Sponge Iron & DRI
- Waste to Energy
- Food & Agro
- Pharma Industry
- Rice Industry
- Pulp & Paper
- Non-Ferrous
- Chemical Industry
- Oil & Gas

From heavy industries to emerging sectors, we partner with our clients to create cleaner, safer and more efficient operations.

Energytek
Beyond boilers

END-TO-END SOLUTIONS. SEAMLESSLY DELIVERED.

One Partner. Every Step of the Way.

OUR PROVEN PROCESS

1. **Consultation**
2. **Engineering & Design**
3. **Manufacturing**
4. **Supply & Delivery**
5. **Installation & Commissioning**
6. **After-Sales Support**

PROJECT HIGHLIGHTS

400+	25+	100+	5	70%+
Projects Executed	Years of Experience	Satisfied Clients	Countries Reached	Repeat Business

From concept to commissioning and beyond, **we deliver value at every step.**

Energytek
Beyond boilers

BUILT ON EXPERIENCE. DRIVEN BY PURPOSE.

Our Journey. Our Growth. Our Commitment.

OUR JOURNEY

2007
Founded
Vision to deliver innovative thermal solutions.

2008
Breakthrough in Boilers
Major advance in boiler technology.

2020
100+ Customers
Milestone reached across diverse industries.

2021
New Manufacturing Facility
Commissioned to enhance capacity & quality.

2026
250+ Customers
Footprint expanded across 5 countries.

OUR CORE CAPABILITIES

- **Engineering Excellence**
- **Manufacturing Strength**
- **Project Execution**
- **After-Sales Support**
- **Sustainability Focus**

Our journey is powered by passion, guided by values, **and focused on lasting impact.**

Energytek
Beyond boilers

OUR STRENGTHS. YOUR ADVANTAGE.

Built on Values. Driven by Excellence.

Proven Expertise

Years of experience and deep domain knowledge across industries.

Innovative Solutions

Continuous innovation delivering efficient, sustainable systems.

Quality Assurance

Robust systems ensuring reliability and long-term performance.

On-Time Delivery

Strong planning and execution for timely delivery, every time.

Strong Partnerships

Long-term relationships built on trust and integrity.

Safety First

Uncompromising commitment to safety for people and communities.

Our strengths empower us to overcome challenges, **create value and build a better future together.**

Energytek

Beyond boilers

RELIABLE STEAM. EFFICIENT OPERATIONS. SUSTAINABLE FUTURE.

INTEGRATED THERMAL & PROCESS SOLUTIONS

One Partner. Complete Thermal Solutions.

STEAM GENERATION

- Boilers
- Hot Air Generators

HEAT TRANSFER

- Heat Exchangers
- PRDS

PRESSURE EQUIPMENT

- Pressure Vessels
- Steam Headers

ENERGY RECOVERY

- Thermic Fluid Heaters
- Skids

LIFECYCLE SUPPORT

- Hot Water Generators
- WHRB

Energytek
Beyond boilers

STEAM GENERATION SYSTEMS

High performance systems engineered for efficiency, reliability and sustainability.

OUR STEAM GENERATION SOLUTIONS

Package Boilers

Fully automatic, compact and space-saving with high efficiency.

Up to 50 TPH

Waste Heat Recovery Boilers

Recover waste heat to improve overall plant efficiency.

Up to 150 TPH

Thermic Fluid Heaters

High thermal efficiency with precise temperature control.

Up to 20 MMBTU/hr

ALSO AVAILABLE

Hot Water Generators

Hot Air Generators

SERVING: Power Plants • Food & Beverage • Pharma • Rice Mills • Textile • Chemical • Paper & Pulp • Steel & Metals

IBR & ASME Compliant — engineered for lower emissions.

Energytek

Beyond boilers

HEAT TRANSFER SOLUTIONS

Engineered for Efficiency. Built for Performance.

OUR HEAT TRANSFER SOLUTIONS

- Heat Exchangers
- Economisers
- Air Preheaters
- Recuperators
- Condensers
- Evaporators

WHY CHOOSE OUR HEAT TRANSFER SYSTEMS

Maximizes Efficiency

Optimized designs that minimize energy loss across every cycle.

Built for Industry

Serving power, chemical, paper, steel, food and textile sectors.

Sustainable by Design

Lower emissions and reduced fuel consumption, built to last.

Energytek

Beyond boilers

PRESSURE EQUIPMENT & MODULAR PROCESS SYSTEMS

Engineered for Safety. Built for Performance.

Pressure Vessels
Custom designed, built to IBR / ASME Code.

Steam Headers
Efficient distribution with minimal pressure loss.

PRDS Systems
Pressure regulation with skid mounted solutions.

Deaerators
Efficient gas removal, improves boiler life.

Modular Skids
Pre-engineered, factory tested for reliability.

All systems: IBR / ASME Sec. VIII standards.

High quality equipment designed, manufactured and tested to the highest standards.

SERVING: Power Plants • Chemical • Oil & Gas • Paper & Pulp • Steel • Food & Beverage • Textile

Energytek
Beyond boilers

ENERGY RECOVERY & SUSTAINABLE ENGINEERING

Recover Today. Save Tomorrow. Sustain for Generations.

Innovative solutions that recover energy, reduce emissions and drive operational efficiency for a cleaner tomorrow.

OUR ENERGY RECOVERY SOLUTIONS

- Waste Heat Recovery
- Biomass & Renewables
- Energy Optimization
- Emission Control
- Future-Ready Solutions

Higher Efficiency

Capture waste heat and reduce fuel consumption and operating costs.

Lower Emissions

Cleaner combustion technologies supporting decarbonisation goals.

Sustainable Growth

Modular, scalable solutions built for a greener tomorrow.
